

rules,
parameters

```
graph TD; A[rules, parameters] --> C[process]; B[data] --> C; C --> D[data'];
```

The diagram illustrates a data processing workflow. At the top, a box labeled 'rules, parameters' has a downward arrow pointing to a central box labeled 'process'. To the left of the 'process' box is a box labeled 'data', with a rightward arrow pointing to the 'process' box. To the right of the 'process' box is a box labeled 'data'', with a rightward arrow pointing from the 'process' box to it.
